PRODUCT SHEET

Jumbo Step Portable Staircase Step Stool

JUMBO STEP COMPLIES WITH OSHA ANSI

DESCRIPTION

A compact step stool for not-so-compact jobs. The lightweight alternative to a six-foot ladder when you only need two or three steps. Available in 2, 3 and 4 step models, rated Type IAA for 170 kg (375 lb).

- Non-slip staircase steps
- Ultra-wide 216 mm (8 1/2 in) steps
- Large tool tray
- Rotating safety handrail
- Quick-release handrail
- Slim storage profile
- Lightweight and easy to carry
- Oversized slip-resistant feet
- Suitable for industrial surfaces, including grating
- Type IAA, 170 kg (375 lb) rating

BENEFITS

- Walk up and down facing forward, like a staircase
- Tools within reach with the handrail tray
- Replaces a full-size ladder for short jobs
- Steady on a variety of industrial surfaces

Large tool tray

Quick-release rotating hand rail

Portable staircase

Part #	Model	Max reach* m (ft-in)	Highest standing level m (ft-in)	Step width cm (in)	Storage width m (ft-in)	Storage depth cm (in)	Weight kg (lb)
